SprayMax® **1K Guide Coat Black** **291 g NET WT. 10.3 oz** **Art. Nr. 3680100**

Product

Description / Purpose

This improves the efficiency of the sanding process and the paint result.

Properties

- Very fine atomization
- Extremely fast drying
- Thin, homogeneous and powdery application
- Can be sanded wet or dry after just 1 minute without setting the sandpaper down

Material base

Special physically-drying coating resins

Colour

Deep black

EPA Coating Category

NFP Non Flat Paint

PWR Limit 1.40

CARB Aerosol Rule Coating Category (01/2017)

NFC Non Flat Coating

PWR Limit 0.95

Substrate

Old paint and factory paint as well as dried and sandable surfaces i.E. putty, primer, filler.

Processing

Protection measures

Wear personal protection equipment.
(respiratory mask / gloves / goggles)
For more information, see safety data sheet.

Shake

Shake can thoroughly for at least 2 minutes from when the mixing balls are heard.

Spraying distance

6 - 8 inches / 15 - 20 cm

Spray passes

Apply one thin coat onto the surface that is to be sanded.

Processing conditions

Optimum application at 64° F - 77° F (18° C - 25° C)
and a relative humidity from 40 - 60 %.

Drying

Ready for sanding: approx. 1 min
The stated values refer to the above-mentioned
processing conditions. The level of dryness is
determined pursuant to DIN 53150.

Along with the substrate dry or wet with
P 360 - P 500 grind out.

Finish

After painting, turn the can upside down and spray
for 3 - 5 seconds to clean the valve.

Additional Information

Important Information

Avoid bumps, friction and impact.

Shelf Life

60 months

The usage period refers to an unused can that is stored correctly at a temperature of 60° F - 77° F / 15 - 25° C and a relative humidity below 60%. The can must be stored and transported in an upright position in a dry place where it is protected against chemical and mechanical influences. The safety information on the can and all statutory provisions applicable for the storage site must be observed.

Disposal

The completely emptied spray cans must be disposed of in the recycling system. Cans with hardened material must be disposed of as special waste.

Note

For professional use only.
