- Safe on clear coated wheels.

DESCRIPTION

WIZARDS® METAL POLISH is a simple to use, fast-cut polish that cleans, brightens and protects all types of metal surfaces. This special high gloss formula is injected into the purest grade, surgical cotton cloth and sealed tightly to retain its freshness. METAL POLISH gives excellent results when used on: Aluminum, Chrome*, Stainless, Brass, Copper, Gold*, Bronze, Pewter, Silver*, Coated Wheels and Magnesium. METAL POLISH is great for many markets: Automotive, Motorcycle, Trucking, Marine, Aviation, Household and more.

****NOT RECOMMENDED FOR USE ON THINLY PLATED GOLD, PLATED SILVER OR SHOW CHROME.***

For these metals, use #01214 MIST-N-SHINE® detailer with the #11420 BLUE MULTI-FIBER™ CLOTH.

BENEFITS

WIZARDS® METAL POLISH is a surface cleaner that is safe, quick and easy to use. This product is second to none with its cutting action and mirror-like gloss finish. It removes tarnish, corrosion, brake dust, oxidation, tar and other hard-to-remove surface imperfections. METAL POLISH will never cake up during application and keeps polishing when others stop. METAL POLISH has been formulated not to dull or scratch metal finishes. Just a 3" piece of the treated cotton goes a long way making METAL POLISH very economical to use.

HOW TO USE

Tear off a 2"-3" piece of impregnated cotton. Polish small areas until the surface turns black. Wipe off the excess polish using a terry cloth, then use a clean terry cloth and buff to a high gloss.

HINT: For added protection against tarnish, rust and corrosion and to reduce the need for frequent polishings, apply #11021 POWER SEAL™.
