

METAL RENEW™

Liquid Metal Polish

FEATURES

- VOC compliant.
- Fast cut application.
- Easy to apply and remove.
- Brightens aluminum instantly.
- Leaves a high-gloss, mirror-like finish.
- Gentle abrasive polishes without scratching.
- Liquid formula is better for large areas or for use with #11099 METAL BUFF KIT and #11250 MINI-BUFFING SYSTEM.

DESCRIPTION

WIZARDS® METAL RENEW™ is an easy-to-use liquid polish that will restore, shine and protect most types of metal surfaces*. This product is designed to give the highest luster possible requiring the least amount of effort.

HINT: For added protection against tarnish, rust and corrosion and to reduce the need for frequent polishings, apply #11021 POWER SEAL™.

**Not recommended for thinly plated metals or show chrome. Always test product on a small inconspicuous area before full application. For show chrome, use #01214 MIST-N-SHINE® with #11420 MULTI-FIBER™ CLOTH.*

BENEFITS

METAL RENEW™ will melt away rust, tarnish and oxidation, leaving behind a high-gloss protective finish. It is excellent for restoring and maintaining a "like new" look on neglected wheels, exhaust parts, accessories, truck tanks, marine bright work, motorcycle components, household items and more. Use METAL RENEW™ to brighten aluminum, stainless steel, brass, bronze, copper, nickel, magnesium, chrome*, silver*, and gold*.

HOW TO USE

Shake bottle well. Apply METAL RENEW™ to a cool surface using a clean cloth. For quick touch-ups or for maintenance, just rub and buff to a brilliant shine. For tarnish and oxidation removal, work small areas at a time, applying pressure to achieve desired results. Wipe off residue, wet or dry, using a clean, dry towel, replacing towel as necessary.
